Recommendation Letter for Mr. Rizq Khairulnizam

To Whom It May Concern,

I am pleased to recommend Mr. Rizq Khairulnizam, who has successfully completed his internship under the MyCERT Department, CyberSecurity Malaysia. Throughout his internship, Rizq demonstrated strong technical capabilities, professionalism, and a genuine enthusiasm for learning in the field of cybersecurity.

During his placement, Rizq was involved in several key activities, including network monitoring and analysis using Elastic (ELK Stack), threat research, and supporting red team operations. He contributed effectively by analysing network telemetry data, identifying potential anomalies, and preparing concise analytical reports that supported ongoing monitoring activities. His research work on current cyber threats also reflected a solid understanding of threat trends and analysis methodologies.

Rizq consistently displayed a positive attitude, strong curiosity, and initiative in taking on new challenges. He often went beyond assigned tasks to explore related areas, demonstrating a proactive and self-motivated approach to his work. These qualities, combined with his technical capability and teamwork, made him a valuable member of our team.

I am confident that Rizq will continue to excel in his future career and will be an asset to any organization seeking a motivated and capable cybersecurity professional.

Regards,

Nur Sarah Binti Jamaludin

Analyst, Malaysia Computer Emergency Response Team (MyCERT)
